EDUCATION

Associate of Arts – St. Petersburg College
Bachelor of Digital Arts & Sciences – University of Florida

2011
In Progress

PROFESSIONAL EXPERIENCE

NEFF Beautiful Living
Project Coordinator

August 2020 – Present

- Coordinate, manage, and oversee various projects while maintaining clear communication between all parties
- Facilitate and divide all necessary tasks to the appropriate team members with complete accuracy and confidence
- Work closely with architects, engineers, and designers to ensure the flow and control of all projects, information, and materials involved from start to finish

Louie Bossi's Las Olas
Manager

December 2017 – July 2020

- Oversaw and supervised the busiest restaurant in Fort Lauderdale
- Maintained a leadership position while guiding and managing staff on a daily basis
- Established a fundamental expertise in hospitality and customer service
- Organized, documented, and calculated daily sales reports and revenue

Ingenieria 37/10

June 2014 – July 2014

Civil Engineering Intern (Barcelona, Spain)

- Surveyed, uploaded, and analyzed several properties including an official rally car race course using a TOPCON model GPT-3005N total station to have it approved as a legal track.
- Analyzed and transferred data retrieved by surveying using various engineering software, such as TOPTRANS, TOPCON LINK, and TopoCAL.
- Designed and constructed a steel awning, and several other smaller mechanical objects using AutoCAD and occasionally SolidWorks.

EI^2

July 2014 – August 2014

Industrial Engineering Intern (Madrid, Spain)

- Experienced hands-on material strength testing of concrete samples
- Learned various mixtures of concrete for different applications
- Experimented with “flexible” concrete
- Participated in the design and construction of concrete barriers to protect chemical spills

LEADERSHIP AND INVOLVEMENT

Florida Air Museum

June 2015 – November 2015

Engineering Intern (200+ volunteer hours)

- Measured, sketched, and drafted unique one-off planes for the museum's database
- Implemented new categorization methods to streamline daily museum maintenance
- Used AutoCAD daily and submitted my designs for review to licensed Engineers

YMCA Camp Indian Springs

2007-2011

Camp Leader (1000+ volunteer hours)

- Volunteered as a camp leader every summer for 5 years, which invoked a lot of responsibility and trust
- Used teamwork with the other leaders to provide daily activities and food to all of the campers
- Taught skateboarding every camp day as the official skate board instructor at the skate park

SKILLS AND ACHIEVEMENTS

Computer: Experience in AutoCAD, Solidworks, Google Sketchup, PowerPoint, Excel, Basecamp, Bluebeam, Notability

Languages: Fluent in English and Spanish

Awards: Anne Frank Humanitarian Award for outstanding community service, Reddit Gold multiple times

Other: Private Pilot's License, Advanced/Nitrox SCUBA certification, CPR/AED/Rescue Diver
